

PALO ALTO RIFLE & PISTOL CLUB

Donaldsonville, Louisiana

November 7, 2009

Our November match opened to perfect weather and mild conditions. Sunny skies and cool weather lasted most of the day, but the winds became more difficult as the match went on. In typical Palo Alto manner, the wind velocity wasn't the problem, rather, it was the changes in direction and intensity that made the day so interesting.

As usual, our top shooters were able to master the conditions. Gary Henry was Prone Match Winner with his score of 597-34x, followed by Rob Westfall and Bill Jenkins, both with 591's. Buck Kliebert in the Master class also fired a 591 to take the win. Buck has been shooting very well of late, and will be up in the HM class before long. Bucks Dad, Ronald Kliebert took the Expert class (again) with his 572-18x. The Marksman class was won by Nick Owen with his score of 507-6x.

On the F-Class side, Don Geraci set a new range record of 600-35x. This was the first time in competition that a clean score was turned in on the small target. Congratulations Don! Ted Torres once again took the F-TR class with a fine 566-13x. Nice shooting Ted, and thanks for the pictures (attached).

We had some new friends and some old friends attend this month; it was good to have Jay Meynier, and the lovely Lindsay Touchet, along with John Ferguston and Nick Owen for our November match. Our next match will be December 5. I will be out of town, but Gary will be there to take care of business for everyone.

Thanks to everyone for attending, good luck next month.

Lanny & Gary
