15 May 2010

It was a very strange day. When I got up at 4:00 AM to head to Donaldsonville, the skies over Slidell were crystal clear and the stars were bright. As I crossed over the elevated roadway northwest of LaPlace, the skies opened up, but just on the other side, there was not a hint of rain. The skies over the range were partly cloudy with clearing skies to the west. Surely we would get the match in...not! The first hint we were in trouble came from distant rumbling to the south. We managed to get standing and rapid prone finished before the skies opened with drenching rain. The match winner (again) was **Dan Zelenka** with a 382-13X. First Master went to **Mark Altazin** with a 382-8X. **Norm Bennett**, who assured me he was going to clean all events if we continued the match, got an honorary 753-47X for this promise. The large Expert class was won by **Bruce Pickering** with a 378-9X, followed by **Robert Bose**, who fired a 375-13X. Robert was very unhappy that we called the match early, and wanted to stand out in the lighting and continue to fire. **David Higgins**, who continues to shoot well, fired a 373-7X for third Expert and High Junior. **Ted Torres**, who looked more like an Expert than a Marksman, won his class with a 360-3X. Thanks to all who endured the weather and drove all the way to Donaldsonville, to shoot 40 rounds. **There are only two more monthly XTC matches at PAR&PC before the National Matches at Camp Perry. If you are interested in going to Perry, please contact Dan or me so we can have an accurate count.**
