

Mid-Range Prone/F-Class Match on Saturday January 7, 2012

All week the chance of rain had loomed over the match, but Saturday's weather turned out to be much better than anticipated. Although some folks had to drive through fog to get there, the range was fog free and the temperatures were mild with some clouds.

34 shooters came out for the first match of the 2012 season with the F-TR folks having the largest single group with 15 shooters on the line of which 6 were in the Master/Master Unclassified group. The F-TR ranks continue to grow.

Our friends from Southwest Gun Club in Bogue Chitto came down to shoot with us and dominated the F-Open class, with 3 shooters shooting 200's on their first strings.

Gary Henry took top honors as Match Winner in the Prone ranks with a very nice 596-33X. Unclassified shooter David Bay also shot a nice 587-17 to take 1st in the Master/Master Unclassified group. Dwayne Vidrine won the combined Expert/Sharpshooter/Marksman group with a 559-11x.

In the F-Open class, the competition was tight with only 3 points separating the top 3 folks in High Master. But, William Wittman came out on top posting a 595-30x to take the win. Alton Britt was 1st place High Master with a 593-37x. Bill Lackey shot his first clean ever on his first string shooting a 200-11x. Way to go, Bill. Brian Alexander shooting his rifle off a bipod took 1st Master/Master Unclassified/Expert shooting a 580-18x.

The F-TR class was won by Craig Decoteau who came out of the Sharpshooter ranks to shoot a nice 573-12x. Charles Freeman who shot a 566-10x won Master/Master Unclassified. Dennis Haffner won the Expert class with a 567-12x. Ronnie Bryant won the combined Sharpshooter/Marksman group with a 567-15x. Some nice shooting, everyone.

We want to thank Gary Henry, Mickey Brinkman and the rest of the unsung folks who helped get the flags and targets up for the match. Without your help, it couldn't get done!

Hope to see you in February!

Rick and Ted
