

2014 Palo Alto F-Class and FPR Club Championship

7/12/2014

The 2014 Palo Alto F-Class and FPR Club Championship is in the books. It was hot, mirage was running one way and the flags the other, and the competition was fierce... That pretty much sums it up. We had 28 shooters on the line and each was looking for the win.

In the F Open class, scores were really close. So close that we had to break out the NRA rule book and phone a friend to make sure we awarded 2nd place to the right person. Marc Olivier set the pace in his class shooting 2 cleans on his first 2 strings of the day. Only dropping 4 points for the day earned Marc 1st place with a 596-33X. Here is where it gets interesting. There were 2 identical scores of 595-34X shot by Wes Cummings and Nick Marino. After reading the NRA rule book, calling Lanny for a second opinion, and reviewing the score cards, Wes Cummings was awarded the 2nd place slot. Gerald Boudreaux, right on their heels shooting a 594-34X, was awarded Club Champion.

In FTR the scores rivaled those on F Open. Chris Hebert came out on top of the pile shooting a 595-29X that earned him 1st place. John Bishop, shooting his trusty Savage, takes 2nd place and Club Champion shooting a 594-31X. Great shooting guys!

Mickey Brinkman, shooting a 592-22X, takes 1st place and Club Champion in Field Precision Rifle. Jim Speaks comes in 2nd place shooting a 588-25X.

Thanks to everyone that put up flags and helped ready the pits. Special thanks to Vaughn for deciding to ride out and call the line.
