And a special thank you to Dixie Precision Rifles for building and awarding a complete .308 rifle to the F-class shooter who posted the lowest score for the weekend. Sometimes, the equipment can make all the difference getting starting. Alton and his folks are some of the best!

This match was one for the record books, figuratively and literally, as both Prone and F-Open winner was decided on X-count and Wes Cummings shot a new "unofficial" police National Record. We had folks from Florida to West Texas to Missouri come in to shoot and we also want to thank them for making the long trip.

58 shooters finished out the weekend and some first time folks shooting with us found out about the Palo Alto winds and why the range is called "The Hornet's Nest." The winds were up and running from the start giving some good challenges to the shooters.

In Prone, with 12 shooters, it was a battle from the start between Kenny Porter (Texas) and Warren Freeman (Louisiana).

In the end Kenny managed to hold off Warren on x-count, posting a 1196-71x for the win to Warren's 1196-68x for 2nd Place. Jon Rhynard (Texas) was 3rd with a 1194-64x. Gary Henry was 1st High Master with a 1191-54x. David Bay was 1st Master/Expert with a 1177-45x.

F-Open had 22 shooters. 20 of which were High Masters.

There was a five way fight all weekend, with the top 5 shooters separated by a total of 2 points.

There was a three way tie for winner, but Jim Gleason (Texas) with a 1197-7x held off 2 others with 1197's to take the overall win. Shawn Broussard (Louisiana) was 2nd with a 1197-70x and Ms. Andy Suber (Mississippi) was 3rd with a 1197-63x. Only 2 points behind was 1st High Master Mark Kurtz (Mississippi) with a 1195-73x and 2nd High Master Wes Cummings (Florida) with a 1195-67x. Wes Cummings also shot an "unofficial" new Police National record with a 200-17x. All documentation will be sent in to the NRA for validation.

Chris Plaisance (Louisiana) was 1st Master/Expert with a 1182-35x.

FTR had 25 shooters. 16 were High Masters.

Tony Arcement (Louisiana) shooting a .223 was like man on a mission and topped the FTR group with a 1190-59x. 2nd Place went to Craig Martin (Mississippi) with a 1184-58x. Jade Delcambre (Louisiana) was 3rd with a 1184-53x. John Bishop (Louisiana) was 1st High Master with a 1182-56x. Johnny Ingram (Texas) was 2nd High Master with a 1184-44x.

1st Master/Master Unclassified was Kelly Kennedy (Texas) with a 1176-42. 1st Expert/Marksman went to Brad Smith (Missouri) with a 1167-31x.

All of these folks had to shoot through some tough conditions and fight off some strong competition to win, so congratulations to them all!

I would personally like to thank Vaughn McDonald for helping with calling the line, Rob Westfall and Karl Schroeder for helping with line duties. I would also like to thank those folks who took turns as Pit Bosses. Your help was greatly appreciated. Thanks to Tammy and Brittany Stewart for handling stats this weekend and Shawn Delcambre for her help with stats Saturday.

A special thanks to Gary Henry who cooked the pulled pork for the sandwiches we had after the match Saturday!
