

August Mid-Range F-Class/Prone Match
Palo Alto Rifle and Pistol Club
August 6, 2016

After 2 months without having a match (June due to rain and July due to range upgrades) 34 folks shook off the cobwebs and came out on a hot August day to shoot with us.

Thanks to those folks that came from Mississippi, Tennessee and Florida. You are appreciated for making the trip.

There were 6-200's shot, but not surprisingly none on the third string as it got downright challenging on that string.

The Prone folks had 10 people shooting and Warren Freeman took the Gold with a 596-30X. Bill Jenkins was 1st High Master shooting a 591-28X. Sam Entrican took the combined Master/Master Unclassified/ Expert group with a 588-20X.

F-Open saw the return of Barry Holcomb from Tennessee, after a year away, who jumped out on the first string with a 200-15X. Shawn Broussard also posted a 200-11X on his first string. Barry would add another 200-11X on his next string to take the overall Gold with a final score of 599-42X. Jerry Boudreaux had a 200-13X on his second string. Jerry Boudreaux was also 1st High Master with a 598-40. The top 3 places were only separated by 3 points. The combined Master/Master Unclassified/Expert class was won by Charlie Ross with a 590-26X.

Brian Bowling, an Open shooter and Range Record Holder, decided to join the other 12 FTR shooters today. Brian (.308) and Tony Arcement (.223) both shot 200's on their first strings. Brian held on to beat Tony by 1 point posting a 593-32X (I think Brian was shooting a Tactical short-barreled .308). Tony was 1st High Master with a 592-28, having bested Vaughan McDonald by 4 X's. Not bad for a couple .223 shooters.

1st Master/Master Unclassified/Sharpshooter went to Manuel Cepeda with a 581-16X.

1st Sharpshooter went to Lawrence Beech with a 587-20X.

Thanks to all for helping get flags and targets up and down.

Be safe and we'll see you in September.

Rick and Vaughan
